

This is Your GoldMoney Registration Package

Application for a Verified Company Account

Thank you for applying to become a verified customer of GoldMoney. This Registration Form together with our Privacy Policy and User Agreement sets out the terms under which GoldMoney services are provided, so these must be read together for their full meaning and effect.

The User Agreement can be accessed online at:

<http://goldmoney.com/en/user-agreement.html>

At GoldMoney, we take extensive measures to safeguard your data. All information and documentary verification you provide to us will be held in accordance with our Privacy Policy, which can be accessed online at:

<http://goldmoney.com/en/privacy-policy.html>

Please complete this form in black or blue ink and clearly legible printed letters, ticking boxes as appropriate and return it to us at the above address. You need to carefully read and complete each section.

Please also make sure that any documents provided in Section 6A, 6D and 6E are notarised or certified as true copies by an authorised individual in your jurisdiction.

For example, in the USA a notary public can complete this service for a small fee. This will include stamping photocopies of your documents with a raised seal* that identifies the notary, which is then signed to certify its authenticity. In other jurisdictions such as the UK and most European countries, the certification process can be completed by a lawyer, bank officer or some embassy or consulate officia.

If your documents provided for Section 6A, 6D and 6E are not written in the English language, please provide **certified translations of these documents into English.**

This Form will be accepted ONLY if the documents in Section 6A, 6D and 6E (and in the case of non-Western alphabets, all of Section 6) are notarised or certified.

If you have any questions, please contact our Customer Support Team at

<http://goldmoney.com/en/contact-us.php> or call +44 1534 511 977.

The GoldMoney Team

*We appreciate that many notaries no longer use raised seals and an ink stamp will suffice.
